LUIS STEVEN VARGAS RODRÍGUEZ

Software Engineer (Junior Backend / Full Stack)
San José, Costa Rica | +506 8671 7413 | luisstevenvargasr@gmail.com | GitHub: Lsvargas25

PROFESSIONAL SUMMARY

Junior Software Engineer with strong hands-on experience building backend and full-stack business applications using C# (.NET / ASP.NET Core) and Angular. Proven ability to design RESTful APIs, implement clean architecture patterns, and work with SQL Server and MongoDB in production-like environments. Experienced translating real business needs into scalable technical solutions. Seeking a Junior Backend or Full Stack role in a growth-oriented engineering team.

TECHNICAL SKILLS

Backend: C#, .NET, ASP.NET Core, REST APIs, Clean Architecture, DTOs, JWT Authentication
Frontend: Angular, TypeScript, JavaScript, HTML5, CSS3
Databases: SQL Server (Data Modeling, Stored Procedures), MongoDB
Tools: Git, GitHub, Postman, Swagger, SonarQube
Desktop & Mobile: Xamarin.Forms, Windows Forms

PROFESSIONAL EXPERIENCE

Freelance Software Developer (2023 – Present)
- Developed RESTful APIs using ASP.NET Core with clean separation of controllers, services, repositories, and DTOs.
- Designed SQL Server schemas and implemented stored procedures for business operations.
- Built Angular frontends consuming APIs with form handling and validation.
- Delivered inventory and operational systems for small and medium-sized businesses.

Soluciones Expande – Software Engineer / IT Solutions (2025 – 2026)
- Built enterprise inventory and administrative systems supporting logistics and sales workflows.
- Implemented role-based access control and backend validation logic.
- Collaborated with business stakeholders to translate operational needs into technical designs.

EDUCATION

Bachelor's Degree in Computer Science – Computer Application Development
Castro Carazo University (2020 – 2025)
